Your payment options

Initial advice service

Settling your adviser charge in a single payment

Following on from our non-chargeable initial meeting, if you request additional services or accept any recommendations we have made then you will pay us an adviser charge which will become payable on completion of our work.

You must pay our adviser charges in accordance with the payment terms stated on our invoices. In absence of payment terms on our invoices, payment will be due within 14 days of the invoice date. If you fail to pay our adviser charges when they are due, you will be in breach of this Agreement and we may enforce our rights against you.

If paid directly we are able to receive payment by bank transfer or cheque (but only when made payable to the firm). We do not accept payments by cash in any circumstances. You will be provided with a receipt upon payment.

Alternatively, the adviser charges will be deducted from your investments and we will confirm separately the exact details.

OR

Settling your adviser charge by instalments

The option to pay by instalments is only available for the payment of the adviser charge on regular premium products. Payment by instalments does not relate to any ongoing charges payment which we may charge for providing an ongoing service.

Paying by instalments through your recommended product

If you buy a financial product, you can choose to have your adviser charge deducted from the product through instalments. Although you pay nothing to us up front, that does not mean that our service is free. You still pay us indirectly through deductions from the amount you pay into your product. These deductions will pay towards settling the adviser charge. These deductions could reduce the amount left for investment.

Please see below an example of how the payment plan would work:

Total monthly premium payable	£250.00
Total cost of advice	£1050.00
Monthly payment for advice	£87.50
Length of repayment period	12 months

Monthly payment: £250.00 per premium Period: 12 months		→ Advice £87.50
		→ Invested: £162.50

If you choose to pay for the advice you receive through instalments, these instalments will be deducted from the premium you pay each month and allocated towards settling the adviser charge. For example, the total cost of advice is £1,050. You have been recommended a regular premium product of which £250 will be paid each month. £87.50 will be taken from this amount to pay off your adviser charge over 12 months. The remaining £162.50 will be

invested during this time. At the end of this period the adviser charge would have been settled in full. From month 13 the full £250 will be invested.

Keeping up with your payments

If you choose to pay for the advice you receive via instalments, the full amount of the adviser charge will need to be paid irrespective of whether:

- the recommended product(s) is /are cancelled before the full amount is paid; and/or
- you subsequently decide to transfer your business to another firm / financial adviser.

Any outstanding amounts, as at the date of cancelling the recommended product / transferring to another firm or adviser, will be due to be paid in full within 14 days of the termination / transfer date. An invoice will be raised for the full outstanding amount.

The cost of our services

We will tell you how we get paid and the amount before we carry out any business for you.

There may be other costs, including taxes, that are payable through other parties (such as the product provider) that we may not be party to. Such charges are normally disclosed in relevant third party documentation, for example a Key Features Document.

Minor Non-Monetary benefits

Some of the cost of this training may be passed to you as part of the total product charges you pay these firms. Other support we may receive includes access to technical services, information technology support or the supply of product literature. Further information regarding any of these arrangements is available on request.

Aggregated Costs and Charges

We will also provide you with an Aggregated Costs document in relation to certain investment types. This will provide you with information on the total costs to you of the financial products and services that have been recommended for these investment types and illustrate the impact of those costs on your investment returns. This will include all third party product and service costs as well as our firm's own adviser charges. This will be provided to you before any investment transactions take place and on an ongoing basis where you have selected to take ongoing services.
